Rules and Regulations-

1. This is a Score based contest. Participants will receive points for each question solved correctly. You will get a score for passing certain test data. The details of the failed test cases will also be visible on your solution page.
2. You can submit solutions as many times as you'd like, there are no penalties for incorrect submissions. Only your best correct submission will be considered.
3. Those who achieve the score first will be placed higher in the rank list in case of a tie.
4. Please do not discuss strategy, suggestions or tips in the comments during the contest.
5. Answers should be submitted within the given time.
6. Discussing CodeChef's problems or any aspect of problem, on any other platform on the web, on identification, could lead to disabling of respective account and banning from the community.

7. Almost all languages supported on CodeChef are allowed. Each program will be tested based on our critical test data. However output and input should be exactly as specified in the samples provided.

8. Please contact **currents.events20@gmail.com** for any queries during the contest.
